Deerlake shows you how to gradually become more independent along with all of your friends. Would definitely recommended. = !!!

Tbh, I went to Deerlake and only a third of the admin and teachers cared to give me any extra help. It was very obvious that teachers chose favorites and gave them more attention than children who actually needed it. Girls spend more time in guidance than in class, being dress coded or for rumors spreading through the school. The girls bathrooms were always being locked and unusable at lunch, then kids weren't allowed to go when they got back to class because "they should've gone at lunch". Good teachers & staff: Mr. Stemle, Mr. Burkey, Mr. Cartwright, Ms. Shrum, Ms. Brower, Mrs. Smidt, Mrs. Phillips, Mr. Lightfoot, Mrs. Lightfoot, Mrs. Dilmore, and Mrs. Knauf. Deerlake Alumni

The faculty doesn't seem very efficient with the students. Struggling students get left behind due to one teacher who is there to help those in need of extra help with reading. Only one teacher to help seems a bit rediccuds. If the teacher doesnt relate to the students who learn differently then how are the students suppose to progress? A staff member even stated "we dont get paid enough for all of this." Which is very discouraging because our kids need an education with someone who cares. We parents were taught differently back then to how they teach now.

### About RPR (Realtors Property Resource)

- Realtors Property Resource<sup>®</sup> is a wholly owned subsidiary of the National Association REALTORS<sup>®</sup>.
- RPR offers comprehensive data including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

## About RPR's Data

CATRS CAPITAL AREA TECHNOLOGY & REALTOR® SERVICES

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- Listing data from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.
- Market conditions and forecasts based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- School data and reviews from Niche.
- Specialty data sets such as walkability scores, traffic counts and flood zones.

## **Update Frequency**

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
