About this segment

Set to Impress

This is the
#1
dominant segment
for this area

In this area
100.0%
of households fall
into this segment

In the United States
1.4%
of households fall
into this segment

An overview of who makes up this segment across the United States

Who We Are

Set to Impress is depicted by medium to large multiunit apartments with lower than average rents. These apartments are often nestled into neighborhoods with other businesses or single-family housing. Nearly one in three residents is 20 to 34 years old, and a large portion are single person nonfamily households. Although many residents live alone, they preserve close connections with their family. Many work in food service while they are attending college. This group is always looking for a deal. They are very conscious of their image and seek to bolster their status with the latest fashion. Set to Impress residents are tapped into popular music and the local music scene.

Our Neighborhood

- Apartment complexes represented by multiple multiunit structures are often nestled in neighborhoods with either single-family homes or other businesses. Renters make up nearly three quarters of all households. Mostly found in urban areas, but also in suburbs. Single-person households make up over 40% of all households. It is easy enough to walk or bike to work for many residents.

Socioeconomic Traits

- Residents are educated and mobile. Many are enrolled in college. Consumers always have an eye out for a sale and will stock up when the price is right. Prefer name brands, but buy generic when it is a better deal. Quick meals on the run are a reality of life. Image-conscious consumers that dress to impress and often make impulse buys. Maintain close relationships with family.

Market Profile

- Listen to a variety of the latest music and download music online. Majority have cell phones only, no landlines. Use the Internet for social media, downloading video games, and watching TV programs. Own used, imported vehicles. Prefer shopping for bargains at Walmart, including discount stores like Kmart, Big Lots, and the local dollar store. Enjoy leisure activities including going to rock concerts, night clubs, and the zoo.

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. Data provider Esri classifies U.S. residential neighborhoods into 67 unique market segments based on socioeconomic and demographic characteristics. Data Source: Esri 2021. Update Frequency: Annually.

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from Niche.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
